## My Friend and I

My Friend and I  
lie on the grass and look at the sky.  
What can we see?  
A rabbit, us playing and a love heart float by.  
The grass is soft and tickles my back.  
It's been a long time now and it's dark.  
What can we see?  
The stars twinkle and shine.  
They look like bright lights in the night.  
Mummy calls – time to go.  
Night night.  
Sleep tight.
