## Miracle

Now here is my secret,  
It is very simple.  
It's what's invisible to the naked eye.  
Oh, but what a masterpiece it is!  
Shapeshifting into an owl in the bloom of night  
But in the daylight it is something else.

Diving into the water as a dazzling dolphin...  
Teleporting into the safari as a zebra...  
There are so many possibilities, aren't there?

Though not all creatures are born to blend.  
If it wasn't born to blend in,  
It was born to stand out.
